AUTHOR INDEX

Alexander, Leo, 8
Applesweig, Norman, 53

Booker, Walter M., 48

Cass, Leo J., 63, 222
Conner, Troy B., Jr., 32
Cooper, Jack, 178
Curran, William J., 65

Dye, Stuart S., 107

Ficarra, Bernard J., 81, 228

Hill, Sir Austin Bradford, 25

Jacobson, Paul H., 117

Luzzatto, Ettore, 127

McMurray, Raymond D., 163
Meenan, Patrick N., 1
Miller, Lloyd C., 135
Montilla, Eduardo, 222

Noorduyn, Jan W., 97

Oddis, Joseph A., 146
Overman, John R., 74

Parks, Larry G., 107
Paterson, A. Spencer, 37

Rotan, Constance, 48

Thoms, Richard K., 212
Tingstad, James E., 194

Weston, Jean K., 217

Zagoria, Sam, 207

SUBJECT INDEX

Advertising, pharmaceutical, judging scientific fact in, 212
American family life, changing role of mortality in, 117
American Hospital Formulary Service, and the Hospital Formulary System, 146
Automation, impact of, on collective bargaining, 207

Bargaining, collective, impact of automation on, 207

Collaborative research: partnership for progress, 74
Common Market, plans under development by, affecting the Pharmaceutical Industry, 97
Compendium, official,—cross or guidepost? 135

Diseases, vascular, malpractice in, 81
Drugs
  compendia on legal status of, 163
  data on analysis and synthesis of, for medical practitioner, 217
  investigational, use of, in hospitals, principles involved in, 162

European Patent Convention, proposed, and the protection of scientific property, 127
Experimental research on human beings, limitations in, 8
Experiments, research, in humans, 25

Fact, scientific, in pharmaceutical advertising, judgment of, 212
Family life, American, changing role of mortality in, 117
Formulation, research, stability testing and, 178

Hormone, old, saga of, 53
Hospital Formulary System
  and The American Hospital Formulary Service, 146
  drugs, investigational, use of, in hospitals, statement of principles involved in, 162
  operation of, statement of guiding principles on, 156
  statement of guiding principles on operation of, 156
  statement of principles involved in the use of investigational drugs in hospitals, 162
  statement on the Pharmacy and Therapeutic Committee, 159
Humans
  as research subjects, 1
  experimental research on, limitations in, 8
  research experiments in, 25
  research on, alternatives to, 48
  scientific research involving, legal codes in, 65

Law
  of the sea and ocean resource development, 107
  sex problems in, 228
Legal codes in scientific research involving human subjects, 65
Legal status of drug compendia, 163
Licensing of power and testing reactors in the United States, 32

Malpractice in vascular diseases, 81
Medical practice, invasion of privacy in, 222
Medical practitioner, analysis and synthesis of drug data for, 217
Molecules and people: saga of an old hormone, 53
Mortality, changing role of, in American family life, 117
Murder, diminished responsibility in, 37

Ocean resource development and law of the sea, 107
Official compendium—cross or guidepost? 135

Partnership for progress: collaborative research, 74
Patent Convention, European, proposed, and the protection of scientific property, 127
People, molecules and: saga of an old hormone, 53
Pharmaceutical advertising, judging scientific fact in, 212
Pharmaceutical industry, plans under development by the Common Market affecting, 97
Power reactors, licensing of, in United States, 32
Practice, medical, invasion of privacy in, 222
Practitioner, medical, analysis of drug data for, 217
Presidential address: Third Annual Meeting, International Academy of Law and Science, London, England, July 19, 1965, 63
Privacy, invasion of, in medical practice, 222
Product development, design of stability studies in, 194
Property, scientific, protection of, and proposed European Patent Convention, 127
Protection of scientific property and the proposed European Patent Convention, 127

Reactors, power and testing, licensing of, in United States, 32
Research
  experimental, in humans, 25
  experimental, on human beings, limitations in, 8
  formulation, stability testing and, 178
  human, alternatives to, 48
  humans as subjects in, 1
  scientific, involving human subjects, legal codes in, 65
Responsibility, diminished, in murder, 37

Scientific fact, judgment of, in pharmaceutical advertising, 212
Scientific property, protection of, and proposed European Patent Convention, 127
Scientific research involving human subjects, legal codes in, 65
Sea, law of, and ocean resource development, 107
Sex problems in law, 228
Stability studies, design of, in product development, 194
Stability testing and formulation research, 178

Testing reactors, licensing of, in United States, 32

Vascular diseases, malpractice in, 81
